PREFACE.

Raleigh is the capital of North Carolina. It was founded in 1792 and was named for Sir Walter Raleigh. Its altitude is 363 feet above the sea level at the capitol building. It covers an area of seven square miles and has a population of 28,715 people; of the population 65 per cent is white, 35 per cent colored and less than one per cent is foreign born. It enjoys a year-around temperature of 60 degrees, average annual sunshine of 62 per cent. It is noted for its remarkably salubrious climate, pure water and splendid sanitation. There are sixty-six miles of streets, twenty-four of which are paved and all others improved. There are 68 miles of water main, with 3,800 water takers; 2,500 miles of telephone lines, with 4,318 telephones installed; post office receipts for 1920 were $307,-859.45, amount of bank clearings $80,041,598.72, assessed value of property $35,525,919.00. The population within a hundred mile radius of Raleigh is 2,305,281.

There are two telephone systems and two telegraph companies; three public libraries, fifty-eight state buildings, including those at the Central Hospital for white insane and epileptics, penitentiary, schools for the blind and deaf mutes, and the N. C. State College of Agriculture and Engineering. The total value of all of these being $3,900,000.00 this is not included in the tax valuation.

There is a number of large and influential churches in Raleigh as follows: 17 Baptist, 2 Catholic, 4 Christian, 6 Episcopal, 8 Methodist, 2 Presbyterian, 1 Congregational, 1 Lutheran, 1 Non-Sectarian, 1 Undenominational and its Y. M. C. A., costing $85,000.00 equipped with gymnasium, swimming pool, library, bowling alleys and many departments of interest to its members is a possession of which Raleigh is justly proud. Six hundred and seventy-five young men belong to the Association which tends to the moral, social and athletic development of the young people. There are three hospitals: Rex and Mary Elizabeth for white people and St. Agnes for negroes.

There are two theatres and four movies, two orphanages, 49 wholesale houses, dealing chiefly in groceries, drugs and chemicals, furniture and sheet metal ware, farm implements, etc., in Raleigh.

It also has a municipal building and an auditorium of stone and brick with a seating capacity of 5,000. There are five up-to-date hotels.

Raleigh is an educational center, it having 29 schools of various classes, from grammar school to university; fourteen of these are public school with an attendance of over 5,000 children, the number of students in other institutions is about 3,500, making a total of over 8,500 students in Raleigh. There are seven schools for whites, a high school and six grammar schools, and four grammar schools for colored, all of these are public. Of colleges there are four whites, The N. C. State College of Agriculture and Engineering for men, St. Mary's Peace and Meredith for young women; and two business colleges: King's Business College and Page's School of Pharmacy; while for negroes there is Shaw, the largest negro Baptist institution in the country and St. Augustine which has the same prominence among Episcopal colored institutions. The proportion of students in the school of all classes is greater, as compared to the whole population than any other city in the South.

From an industrial standpoint Raleigh has made splendid progress. It has 67 manufacturing plants which turn out cotton goods, yarns, hosiery, underwear, boilers, structural iron works, agricultural implements, vehicles, cotton oil and fertilizers, phosphate fertilizers, house building material, furniture, school supplies, books and printing generally, building stones and monuments, street paving material, washboards and other woodenware, and candy. There are seven banks and eight printing houses, and 52 newspapers and periodicals are published here, the extent of the printing business exceeding that at any place of this size anywhere in the South. There is a wonderful opportunity for new manufacturing plants and a number of most desirable sites may be had with railroad facilities and other conveniences, at a very small cost. Free water for fire protection purposes is provided by the city to all plants which install sprinkler sytems.

There is one electric company, the Carolina Power & Light, with $15,000,000 stock, operating the street railway and furnishing light and power to all the manufacturing plants, including cloth hosiery, underwear and yarn mills. This company obtains water generated electric power from its plants at Buckhorn Falls on the Cape Fear River, 97 miles distant, and at Blewitt Falls, 97 miles distant on the Yadkin River, near Rockingham, for the transmission of power

here over a line of 100 miles long. This company serves electricity to points between Raleigh and Roxboro to the northward, Goldsboro the eastward, Durham to the westward and Fayetteville on the southward. The company has taken over the gas plants at Raleigh, Durham and other points. It operates in Raleigh fourteen miles of street railway and 36 cars, has installed here an auxiliary or reserve steam power plant, so that it has 60,000 H. P. for use.

The gas supply is 800,000 cubic feet daily; water supply 5,500,000 gallons daily with a consumption of 1,750,000 gallons. The water plant is municipally owned.

Raleigh has full motorized fire department with 28 officers and privates, 52 alarm stations and 3 headquarters. The city ranks first-class as to insurance rates.

Raleigh is located on three trunk line railroads—Southern, Seaboard Air Line and Norfolk-Southern. These railroads lead in all directions and afford excellent facilities for the business and shopping public. There are sixty passenger trains daily and very good freight and package car service.

Raleigh is on the Capital Highway, the north and south line for automobile and other vehicles from Washington to Atlanta. It is midway between Boston and New Orleans, New York and Jacksonville, Fla., and on the great highway between Quebec, Canada and Miami, in sub-tropical lower Florida. It is on the Central Highway from Beauford, N. C., to Tennessee, The Ocean-to-Ocean Highway from Bankhead National Highway from Washington, D. C., to San Francisco.

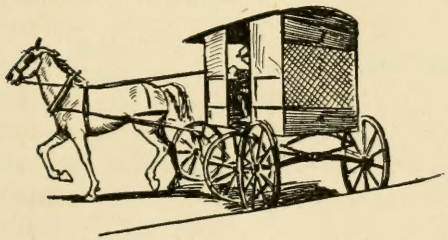

Raleigh is located in the center of a rich farming country. Lands have doubled and in some instances trebled in value during the past five years. The country in this vicinity produces a great variety of crops, including corn, cotton, small grain, tobacco, sorghum, peas and all sorts of truck and in the county of Wake, of which Raleigh is the county seat, the corn growing record of the United States has been broken by the production of 226 bushels on an acre, and the cotton growing record by the production of 3½ bales on an acre.

At no capital in the country are there more buildings or institutions connected with the State government than in Raleigh. These include the Capitol, which was built in 1840 of granite from a quarry that was owned by the State, Administration Building, Governor's Mansion, State Museum (the finest State museum in the United

States) and Hall of History, Agricultural Department, State Library and Supreme Court Library, State Hospital for Insane and Epileptics, State Prison, N. C. State College of Agriculture and Engineering, State Poultry Farm, Confederate Soldiers' Home, State School for the White Blind, State School for Negro Deaf Mutes and Blind, State Fair Grounds and State Experiment Farm.

"Rubber, of Course"

Ask any electrical man to name the best all-around insulation. Ten to one he'll say *rubber.*

It is the right answer, too, particularly where storage batteries are concerned. That's one of the things that three years use of Willard Threaded Rubber Insulation has proved.

Come in. Let us tell you more about Threaded Rubber. Ask, while here, for a copy of the booklet, "The Wick of the Willard."

ST. MARY'S SCHOOL

RALEIGH, N. C.

Founded in 1842 by Rev. Aldert Smedes, D. D.

FOR GIRLS AND YOUNG WOMEN

The Largest Boarding School for Girls of the Episcopal Church in the United States

St. Mary's supplements a high school education of the highest standard with two years of advanced work, along college lines, but planned primarily for the needs of those who wish to complete here a well-rounded education, including, if desired, the refining elements of Music or Art.

The discipline is intimate but firm, with homelike influences rather than college freedom, and the design is to have parents feel that in St. Mary's they have a safe, intellectual and inspiring environment for their daughters which will advance them along the right lines into the best type of modern womanhood.

St. Mary's aims to promote sound physical development, to cultivate a refined Christian womanhood, and to maintain the best standards of scholarship. Attention to health is made of the first importance.

In addition to the "College" and Preparatory Courses, there are complete and up-to-date departments of Music, Art, Elocution, Business and Home Economics.

The boarding enrollment is limited to 200; the students of Music number 150; the total enrollment is 275.

Dominate Raleigh

and the Rich Suburban Territory by Advertising in

The News and Observer

It is the only medium that enables the local merchant, at one small cost, to thoroughly cover Raleigh, Wake County and the many cities and towns that consider the State Capital their shopping center.

Ask for advertising rates based on local and suburban circulation. They are the lowest per inch per thousand circulation of any daily in North Carolina.
